The finishing elements may differ from presented in the visualization.

Technical data:

- length: 275 cm,
- width: 150 cm,
- height: 210 cm,
- fall zone: 622 x 447 cm,
- free fall height: 60 cm,
- safety standards PN-EN 1176-1; PN-EN 1176-3,

PLAY SYSTEM

Materials:

- metal elements made of steel, which is triple protected against corrosion by hot dip galvanizing, chromating and powder coating with a polyester coating, ensuring high resistance to weather conditions, discoloration in UV rays,
- panels, roofs made of HDPE plastic,
- galvanized steel and powder coated platforms with polyester paints covered with a waterproof slip plate.

Security:

- zinc-plated steel, chromated and powder-coated with polyester coating,
- stainless steel screws.
